## SECTION C: SPECIFICATIONS/WORK STATEMENT

### C.1 SCOPE:

The Office of Contracting and Procurement, on behalf of the Office of the Chief Technology Officer (OCTO), the District of Columbia Access System (DCAS) requires a Contractor to provide Oracle Database products and services. The Oracle software is a critical infrastructure component of DCAS which provides the District with a health and human services eligibility and enrollment platform.

### C.2 APPLICABLE DOCUMENTS

Public Performance Management OCTO License and Services Agreement-HWSW0217

### C.3 DEFINITIONS

Not Applicable

### C.4 BACKGROUND

- C.4.1 The District of Columbia took a phased approach for the implementation of DCAS. Release 1 was completed in October 1, 2013. In order to reduce complexity in Release 1, non-mandated functionality (such as eligibility and enrollment for Non-MAGI Medicaid cases) has been deferred to Release 2. Release 2 allows ACEDS to be retired by implementing the remaining federal and local programs it. The second release leverage core functionality created in the first release, such as the rules engine, workflow, and overall technical architecture.
- C.4.2 The Database Vault enables DCAS apply fine-grained access control to sensitive data in a variety of ways. It hardens the Oracle Database instance and enforces industry standard best practices in terms of separating duties from traditionally powerful users. Most importantly, it protects data from super-privileged users but still allows them to maintain DCAS Oracle databases. Oracle Database Vault is an integral component for this program.
- C.4.3 With Oracle Database Vault, DCAS addresses the most difficult security problems remaining today: protecting against insider threats, meeting regulatory compliance requirements, and enforcing separation of duty.

### C.5 REQUIREMENTS

- C.5.1 The Contractor shall provide the following items:

Item Number	Product Description	Term	License Type	Qty,
0001	Database Vault	Perpetual	Processor	72
0002	Software Update License & Support	1 year	Processor	72
