4.2 If the District exercises this option, the extended contract shall be considered to include this option provision.

6. CONTRACTS ADMINISTRATOR (CA)

6.1 The CA is responsible for the technical administration of the contract and advising the Contracting Officer as to the Contractor's compliance or noncompliance with the contract. 8. COMPENSATION AND PAYMENT

8.1 The District will make payments to the Contractor, upon the submission of proper invoices,
at the prices stipulated in this contract, for supplies delivered and accepted or services
performed and accepted, less any discounts, allowances or adjustments provided for in this
contract.

8.2 The District will pay the Contractor on or before the 30th day after receiving a proper invoice
from the Contractor.

8.3 The District follows a specific policy for services related to software/hardware (SW/HW)
maintenance/licenses and support services. Services provided within a District Fiscal Year

iv. Other supporting documentation or information, as required by the Contracting Officer;

v. Name, title, telephone number and complete mailing address of the responsible official to whom payment is to be sent;

10.3 The Contractor agrees to use its best efforts to perform the work specified in this contract and to meet all obligations under this contract within the cost reimbursement ceiling.

10.4 The Contractor must notify the CO, in writing, whenever it has reason to believe that the total cost for the performance of this contract will be either greater or substantially less than the cost reimbursement ceiling.

10.5 As part of the notification, the Contractor must provide the CO a revised estimate of the total cost of performing this contract.

10.6 The District is not obligated to reimburse the Contractor for costs incurred in excess of the cost reimbursement ceiling specified in Section B, and the Contractor is not obligated to continue performance under this contract (including actions under the Termination clauses of this contract), or otherwise incur costs in excess of the cost reimbursement ceiling specified in Section B, until the CO notifies the Contractor, in writing, that the estimated cost has been increased and provides revised cost reimbursement ceiling for performing this contract.

10.7 No notice, communication, or representation in any form from any person other than the CO shall change the cost reimbursement ceiling. In the absence of the specified notice, the District is not obligated to reimburse the Contractor for any costs in excess of the costs reimbursement ceiling, whether such costs were incurred during the course of contract performance or as a result of termination.
10.8 If any cost reimbursement ceiling specified in Section B. is increased, any costs the Contractor incurs before the increase that are in excess of the previous cost reimbursement ceiling shall be allowable to the same extent as if incurred afterward, unless the CO issues a termination or other notice directing that the increase is solely to cover termination or other specified expenses.

10.9 A change order shall not be considered an authorization to exceed the applicable cost reimbursement ceiling specified in Section B., unless the change order specifically increases the cost reimbursement ceiling.

10.10 Only costs determined in writing to be reimbursable in accordance with the cost principles set forth in rules issued pursuant to Title V of the D.C. Procurement Practices Reform Act of 2010 shall be reimbursable.

ATTACHMENT A - SPECIFICATIONS/WORK STATEMENT

A.1 SCOPE

The District of Columbia Government Office of Contracting and Procurement, on behalf of Office of Chief Technology Officer (OCTO) (the “District”) is seeking to acquire Microsoft’s Identity Manager (MIM) implementation services for consulting, customization, standardizing and automation of Microsoft Office 365 user license creation/deletion and management process (lifecycle).

A.2 APPLICABLE DOCUMENTS

Not Applicable

A.3 DEFINITIONS

Not Applicable

A.4 BACKGROUND

OCTO has procured Microsoft Identity Manager (MIM 2016) software and licenses for enterprise use. The MIM is being used to manage the DC Government Enterprise Active Directory by both OCTO and other DC Government Agencies.

OCTO is in the process of deploying Microsoft's Office 365 service to all users throughout the City. A key aspect of this endeavor is to create tens of thousands of user objects with the appropriate attributes, Office 365 licenses and other user-specific configurations. These configurations need to be applied from standard definitions/templates but also; users may need individual configurations based on Agency-specific requirements.

MIM will be configured to provision users into the city's Active Directory forest(s). Microsoft's Azure AD Connect tool will then create the users into Office 365 “downstream”. In addition to the direct user object creation in Active Directory, MIM's service will also be deployed so that IT staff can login to a customized web portal and initiate user provisioning/modification workflows based on the needs of specific agency requirements.
A.5 REQUIREMENTS

A.5.1 The Contractor shall provide authorized reseller agreement or certification from manufacturer.

A.5.2 The Contractor shall design and implement the placement of attributes in the web forms used to manage users and groups from the MIM Portal based on role based access by agency IT administration.

A.5.3 The Contractor shall design and implement the workflows and synchronization rules used to manage security and distribution groups in Active Directory.

A.5.4 The Contractor shall implement the following workflows:

1. Attribute validation and naming convention enforcement,
2. Approval required when joining certain groups,
3. Group owner notification for extending their group prior to the expiration and deletion of the group on expiration.
ATTACHMENT B: CONTRACT TYPE, SUPPLIES OR SERVICES AND PRICE/COST

B.1 The District of Columbia Government Office of Contracting and Procurement, on behalf of Office of Chief Technology Officer (OCTO) (the "District") is seeking to acquire Microsoft's Identity Manager (MIM) implementation services for consulting, customization, standardizing and automation of Microsoft Office 365 user license creation/deletion and management process (lifecycle).

B.2 The District contemplates award of a Labor Hour contract with a Cost Reimbursement portion in accordance with 27 DCMR Chapter 24.

B.3 AGGREGATE GROUP OR INDIVIDUAL ITEM

Award, if made, will be to a single bidder in the aggregate for those groups of items indicated by "Aggregate Award Group" herein. Bidder must quote unit prices on each item within each group to receive consideration. Award, if made, on all other items will be on an individual item basis.

B.4 PRICE SCHEDULE - REQUIREMENTS

The District will purchase its requirements of the articles or services included herein from the Contractor. The estimated quantities stated herein reflect the best estimates available. The estimate shall not be construed as a representation that the estimated quantity will be required or ordered, or that conditions affecting requirements will be stable. The estimated quantities shall not be construed to limit the quantities which may be ordered from the Contractor by the District or to relieve the Contractor of its obligation to fill all such orders.

a) Delivery or performance shall be made only as authorized in accordance with the Ordering Clause, Section 11, and Cost Reimbursement Ceiling Clause, Section 12. The District may issue orders requiring delivery to multiple destinations or performance at multiple locations. If the District urgently requires delivery before the earliest date that delivery may be specified under this contract, and if the Contractor shall not accept an order providing for the accelerated delivery, the District may acquire the urgently required goods or services from another source.

b) There is no limit on the number of orders that may be issued. The District may issue orders requiring delivery to multiple destinations or performance at multiple locations.

c) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and District's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided that the Contractor shall not be required to make any deliveries under this contract after contract expiration.
